

MR. PEACE

Reaching Hearts. Changing Lives.

STAFF ENRICHMENT PROGRAM: **“ONE LIFE AT A TIME!”**

Following the long-lasting effects from the pandemic and remote learning, both students and educators are carrying the weight of new stressors, anxieties, and, in some cases, trauma. That is why it's essential that we invest in the emotional well-being and mental health of the personnel who are leading our youth, and that is exactly what this heart-focused curriculum aims to do.

Titled "One Life At A Time", the primary goals of this seminar are to not only give a snapshot into the state of our young people and why we need to be all in to fully support them, but to increase teacher morale as well by allowing participants the chance to work through any hurt, pain or negative beliefs holding us back.

Through a series of experiential exercises, inspirational videos and powerful stories, attendees will learn the true, unlimited potential that every person has to positively impact a child's development forever. So, with half-day or full-day sessions available and also secular or faith-based options, please consider empowering your employees by booking a motivational workshop with Mr. Peace today!
